

Amendments to the Claims:

The following listing of claims will replace all prior versions, and listings, of claims in the application:

1-13. (Canceled).

14. (New) A compound represented by following Formula (III):

wherein A represents a group represented by L-W (wherein L represents a bond; and W represents a group represented by -NR⁷- (wherein R⁷ represents hydrogen atom or a lower alkyl group));

G³ represents (CH₂)_m (wherein m denotes 0);

Y represents a lower alkylene group, or benzylidene group unsubstituted or substituted by R⁴;

Z represents a bond or oxygen atom, wherein Y may form a 5- or 6-membered ring with carbon atoms on the benzene ring when Z represents a bond;

R¹ represents a nitro group, a lower alkoxy carbonyl group, carbamoyl group unsubstituted or mono- or di-substituted by lower alkyl groups, unprotected or protected hydroxyl group, unprotected or protected carboxyl group, unprotected or protected N-hydroxycarbamoyl group, a lower alkyl group substituted by unprotected or protected hydroxyl group, a lower alkyl group substituted by unprotected or protected carboxyl group, or tetrazolyl group;

each of R^2 and R^3 independently represents a hydrogen atom, a halogen atom, a lower alkyl group unsubstituted or substituted by one or more halogen atoms, a lower alkoxy group unsubstituted or substituted by one or more halogen atoms, or a nitro group;

each of R^4 and R^5 independently represents a hydrogen atom, a halogen atom, a lower alkyl group unsubstituted or substituted by one or more halogen atoms, a lower alkoxy group unsubstituted or substituted by one or more halogen atoms, cyano group, or a lower alkylsulfonyl group; and

R^6 represents a hydrogen atom or a lower alkyl group, a salt thereof or a solvate thereof.

15. (New) The compound, a salt thereof or a solvate thereof according to claim 14, wherein Y in Formula (III) is a lower alkylene group, and Z in Formula (III) is a bond.

16. (New) The compound, a salt thereof or a solvate thereof according to claim 15, wherein Y in Formula (III) is an ethylene group.

17. (New) The compound, a salt thereof or a solvate thereof according to claim 14, wherein R^2 , R^3 , R^5 and R^6 in Formula (III) are all the hydrogen atom.

18. (New) The compound, a salt thereof or a solvate thereof according to claim 14, wherein R^1 in Formula (III) is a nitro group, a lower alkoxy carbonyl group, a carbamoyl group unsubstituted or mono- or di-substituted by lower alkyl groups, unprotected or protected carboxyl group, or a tetrazolyl group.

19. (New) The compound, a salt thereof or a solvate thereof according to claim 18, wherein R^1 in Formula (III) is a carboxyl group.

20. (New) The compound, a salt thereof or a solvate thereof according to claim 19, wherein R^1 in Formula (III) is a carboxyl group substituted at the para-position with respect to a carbon atom to which A bonds.

21. (New) The compound, a salt thereof or a solvate thereof according to claim 14, wherein R^4 in Formula (III) is a cyano group.

22. (New) The compound, a salt thereof or a solvate thereof according to claim 21, wherein R^4 in Formula (III) is a cyano group substituted at the para-position with respect to a carbon atom to which Z bonds.

23. (New) The compound, a salt thereof or a solvate thereof according to claim 14, wherein R^7 in Formula (III) is a hydrogen atom, a methyl group or an ethyl group.

24. (New) The compound, a salt thereof or a solvate thereof according to claim 14, wherein Formula (III) represents
4-({1-[2-(4-cyanophenyl)ethyl]-3-hydroxyazetidin-3-ylmethyl}methylamino) benzoic acid.

25. (New) The compound, a salt thereof or a solvate thereof according to claim 14, wherein Formula (III) represents methyl 4-({1-[2-(4-cyanophenyl)ethyl]-3-hydroxyazetidin-3-ylmethyl}methylamino) benzoate.

26. (New) A pharmaceutical composition comprising at least one selected from the group of the compound, a pharmaceutically acceptable salt thereof or a solvate thereof according to claim 14 as an active ingredient.

27. (New) An agent for preventing and/or treating respiratory diseases, which contains at least one selected from the group of the compound, a pharmaceutically acceptable salt thereof or a solvate thereof according to claim 14 as an active ingredient.

28. (New) An antitussive agent containing at least one selected from the group of the compound, a pharmaceutically acceptable salt thereof or a solvate thereof according to claim 14 as an active ingredient.

29. (New) An agent for improving nonproductive cough, which contains at least one selected from the group of the compound, a pharmaceutically acceptable salt thereof or a solvate thereof according to claim 14 as an active ingredient.
